

FRANZ MERRICK O. ALUBA

Address: Phase 1 San Miguel Village Basak, Mandaue City, Cebu, 6014
Phone: +63 960 466 4334
Email: franzaluba04@gmail.com

SUMMARY

Person motivated with a solid foundation in web development, programming, and database management. Experienced building small-scale systems with full CRUD functionality, emphasizing clean UI, APIs, and well-structured databases. Proficient in PHP, HTML, CSS, React, Tailwind, Java, and MySQL. Seeking for a job placement within the company.

EXPERIENCE

KODI CODE: A PLAGIARISM CHECKER FOR PROGRAMMING

2025- 2026

COURSES (Capstone)

Hacker / Full-stack Developer

- Built web features for students and teachers using PHP, React, HTML/CSS, and Tailwind. Implemented assignment submission with CRUD flows, secure file handling (.c/.java), and MySQL- backed storage.
- Contributed to automated grading and plagiarism detection services, integrating them with PHP APIs and MySQL.
- Improved responsive UI/UX with Tailwind and React components, ensuring clear status indicators and smooth classroom workflows.

AI-ASSISTED FINANCIAL DOCUMENT PROCESSING SYSTEM

2025 - 2026

Hacker / Full-stack Developer

- Built web features for financial clients and auditing teams using Python (FastAPI), React, HTML/CSS, and Tailwind.
- Implemented secure financial document ingestion with CRUD flows, encrypted file handling (.pdf, images), and PostgreSQL-backed storage.
- Contributed to automated data extraction and classification services, integrating Large Language Models (LLMs) and OCR with Python APIs.
- Improved responsive UI/UX with Tailwind and React components, ensuring clear extraction confidence indicators and smooth verification workflows.

FMA ICE: AI-ASSISTED INVENTORY & SALES MANAGEMENT SYSTEM

2025 - 2026

Hacker / Full-stack Developer

- Built web features for sales tracking and inventory management using React, TypeScript, and Tailwind CSS.
- Implemented point-of-sale checkout with CRUD flows, automated PDF report generation, and PostgreSQL-backed storage.
- Contributed to an AI-powered RAG chat service, integrating Gemini/OpenRouter LLMs and pgvector with Python/Flask APIs to provide intelligent business insights.
- Improved responsive UI/UX with Tailwind and React components, ensuring clear stock status indicators and smooth business workflows.

ICT Congress Empowers CCS Students, Showcases AI-Driven Innovation
Participant

2025

- Lecture on ethical AI use and data protection
- Session on AI-powered cybersecurity

Cybersecurity and Privacy in Focus: Awareness for the Digital Age
Participant

2024

- Equip with essential knowledge on data privacy and the tools to combat rising cyber threats.

EDUCATION

Bachelor of Science in Information Technology	2022 - Present
• University of Cebu Lapu - Lapu and Mandaue	
Bachelor of Science in Architecture	2021 - 2022
• University of San Carlos	
Junior and Senior Highschool	2015 - 2021
• Colegio de la Inmaculada Concepcion Mandaue	

SKILLS

- **Programming:** Python, PHP, Java
 - **Frontend:** HTML, CSS, React, Tailwind
 - **Backend & Specialized:** AI / OCR Integration, API Integration
 - **Web development:** Full-Stack Development, CRUD Functionality
 - **Languages:** English, Cebuano, Tagalog
- **Core Strengths:** Creativity, Adaptability. Willingness to Learn, Flexible, Collaborative, Good communication skills, Time efficient, Hardworking
